CALCULATORS for ALL MATH CLASSES:

The TI-83/83+/84/84+ is the calculator that we will be using this year. It is an integral part of the curriculum, and all students are required to have one. Teachers will *not* loan calculators. The NC EOC (end of course) tests assume that all students are proficient with this technology. Though the calculators are expensive, students will be able to use them during their entire high school career, as well as in college. Be sure to indelibly inscribe your name on the calculator.

All Literature classes:

A Gmail account with a professional address (no *honeyboobear51@gmail.com* !!!!)

Donations: Please bring the front office for distribution to teachers:

White and/or color copy paper
